

Environmental Policy

Our commitment to the environment is guided by our environmental policy, developed with customer requirements and legislation in mind. The scope of the Policy is applicable to the Fabrication of PVCu windows and doors and applies to all sites, personnel and operations, and is available on our web page. Information is provided to all persons working on behalf of the company via internal methods of communication and to customers when requested.

Environmental auditing is a self regulating tool which provides us with a framework for data collection, helping to set targets against which we can assess our environmental performance and plan continual improvement. The Prime Connection regularly reviews environmental legislation and other requirements relevant to our environmental aspects, activities, products and services, ensuring continual compliance. Membership of environmental organisations provides us with education, information, best practices and legislative requirements. Our Management Reviews assist in implementing company principles and ensure that targets are practicable and that adequate resources are allocated to achieving them.

In line with our policy, The Prime Connection is committed towards:

- Exercising due care in waste disposal produced as a result of company activities, developing plans to reduce waste, and increase efficiency.
- In relationships with our customers and suppliers, we are taking practical steps to prevent pollution, to reduce energy, raw materials and water consumption, and waste.
- Encouraging the re-use of material wherever feasible, when it does not compromise our product or service.
- Aiming to reduce our impact on the environment and implement environmentally responsible policies/products throughout our operations.

We understand the importance of integrating good environmental practices into management and strategic planning, and as such this policy is reviewed annually taking account of current and potential future issues.

Sites Policy is applicable to:

- The Prime Connection, Water Orton Lane, Minworth, Sutton Coldfield, B76 9BW
- The Prime Connection, Courtaulds House, Courtaulds Way, Coventry, CV6 5NH

Signed on behalf of The Prime Connection

Andrew Keir
Chief Executive
